Corinthians FC of San Antonio Set to Play Historic First NPSL Match

SAN ANTONIO, TEXAS - Corinthians FC of San Antonio will travel up I35 to Denton, TX, this Saturday May 17 to play the teams first ever National Premier Soccer League (NPSL) match against Liverpool Warriors, kick off is scheduled to 7:00 p.m.

Head Coach Jon Burklo and his team are ready to get things started against the Warriors after a long pre-season that ended last weekend with a 1-0 loss to Sockers FC.

"I think everyone is very eager to finally kick off the season. It feels like we have been training and preparing for a long time now and it will be great to see the hard work pay off tomorrow," said Burklo

The Liverpool Warriors finished last year on a second place in the South Central Conference with a 6-4-2 overall record and had only Tulsa Athletics ahead of them.

"Liverpool will present a tough challenge as a team that has been through the league before and understands the challenges it presents. But we have worked hard and prepared well and are expecting to come home with our first NPSL win," said Burklo

The Warriors tied the Fort Worth Vaqueros FC, 2-2, in their first conference match last weekend. The team took an early 1-0 lead on a penalty and extended the lead to 2-0 on a corner in the second half. However, the game was far from over and the Vaqueros came back twice, tying the game on stoppage time.

Get live updates from the game on the official CFC SA's social media sites, including Twitter (@corinthiansFCSA) and Facebook (corinthiansfcsa).
