For Immediate Release

San Antonio, Texas – There will be a new home for Corinthians FC SA as San Antonio Independent School District confirmed on Monday evening that Corinthians FC SA will be playing at Alamo Stadium for the 2015 season.

The deal makes Corinthians FC SA the first soccer team to play at Alamo Stadium since 1976 when the San Antonio Thunder played at the venue. Since that time, Alamo Stadium has changed significantly undergoing a \$35 million renovation in 2011 which saw a FIFA regulation field added to the venue with a quality turf.

With a home at Alamo Stadium, Corinthians FC SA will be right near downtown San Antonio, right in the heart of the city, and also have a beautiful backdrop for their matches, with Alamo Stadium being added to the National Register of Historic Places.

“We are honored to get to play in such an important stadium,” said Corinthians FC SA owner and president Pete Veras. “The renovations done to Alamo Stadium have made it one of the best soccer facilities in Texas, add to that the beautiful historic nature of the stadium and we think fans will have the best experience in NPSL thanks to SAISD and Alamo Stadium.”

Alamo Stadium seats 23,000, which will make Corinthians FC SA the side with the largest capacity venue in all of NPSL, and with all the recent improvements the venue will be perfect for fans and players alike.

The venue has a big part in the sporting history of San Antonio, having been built in 1940, and hosted the first ever Alamo Bowl. Now Corinthians FC SA will be part of that history. Fans can be part of that history to as season tickets will be available for sale through the team website shortly.

Corinthians FC SA are a semi professional soccer team comprised of the best soccer players in the greater San Antonio area. In January 2014, Corinthians FC SA entered the national stage and joined the National Premier Soccer League (NPSL) and will compete in the NPSL South Central Region in 2015.
